Head Teacher Message

Y6 SATs

Well done to all of our Year 6 pupils who sat their end of Key Stage 2 Tests last week. They sat six tests in all covering reading, grammar, punctuation and spelling and maths. They worked incredibly hard and I'm sure they have achieved highly. Unfortunately we don't get the results back until July 10th which will be a long wait for us all. I'm sure all Year 6 parents and carers will join me in saying a huge thanks to all the teachers and support staff in Year 6 for their hard work and dedication in preparing the children for the tests.

Return of Mrs Wood

Mrs Wood is now back at work after having her second child. She will be delivering PE lessons for three days per week until Christmas and then she will be with us full time. It is great to have her back and the children will have the benefit of receiving PE lessons from a specialist teacher.

Dates for your Diary

June
5 Police presentation to Y6 on knife crime

June
11 Choir performing at Albert Hall, Nottingham

June
18 School Council to visit Houses of Parliament

June
20 Y3 trip to Twycross Zoo

In the last Month...

Y5 trip to the Mandir

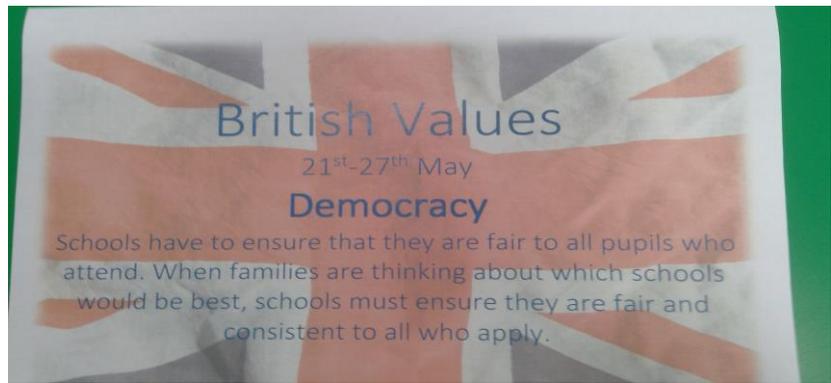

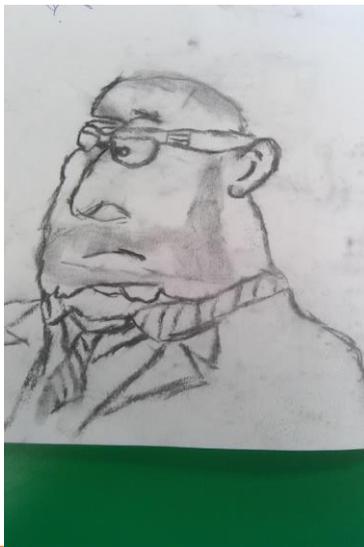

This term, Year 5 have been studying Hinduism and this week we visited the Shree Sanatan Mandir. This was an exciting opportunity to see what we had been learning about put into practise and be able to extend our knowledge by asking further questions. We were amazed by the beautiful architectural design of this Temple. It seems like it took a lot of hard work and dedication to make the place what it is now. The community made us feel very welcome as we watched the Hindus perform the Gayatri mantra, a sacred prayer that is a main part of the Vedas. The trip ended with some arts and crafts along with dancing, which we all took part in and enjoyed.

Y6 trip to Conkers

The year 6 trip to Conkers was awesome. It was a wonderful outdoor learning experience. We enjoyed the fresh air and the natural environment. Orienteering was the perfect opportunity to use our map reading and geographical skills. There was no shortage of exercise within the adventure playground and indoor activity area. The highlight of the trip was the sensational, thrilling experience in the 4D cinema. This was an animation of the life of bugs- "Ant Adventures". It was an unforgettable experience!

Coding Lessons

Some of our pupils have been fortunate enough to attend a series of computer coding sessions with students from the De-Montfort University. They have been taught how to programme games and use scratch to a higher level. We are thrilled to have students coming to our school to work with our pupils on a range of initiatives that enrich and broaden their education.

Important Notices

- The school has recently won a bid to be fully funded to work with an organisation called 'Voice 21'. They will be working across the school next year to improve oracy and communication skills. This is a fantastic organisation and they will enhance the provision that we make available for our children.
- The school has made provision for 60 children to take part in the Prince William Award next year. This year long programme is designed to develop character and resilience in pupils and is also run by ex-military staff. The pupils will spend one afternoon a week for the whole academic year working toward achieving the award. Exciting times ahead!
- End of year reports to parents and carers will be out on Friday 6th July.

Attendance Figures

Winning Year group for this month: Year 6

- Year 3 – 98.3%
- Year 4 – 97.0%
- Year 5 – 97.1%
- Year 6 – 99.0%

We value **your voice** and would like you to join us on our journey of improvement.
